Community Chest

12 PAGES—VOL. 51, NO. 2

WINNERS IN THE Buy in Sierra Madre Campaign are shown in Kersting Court shortly after accepting their prizes. They are, from left, Fred LaLone, Search and Rescue Squad; Mayor Charles H. James, who presented the awards; Bill Wark, Search and Rescue; Father Thomas O'Malley, St. Rita's Church, and Mrs. Anthony Poppe, St. Rita's Guild.

The Sierra Madre Search and Rescue Squad was awarded the \$700 first prize in the Buy-at-Home Campaign last Friday night.

Mayor Charles H. James, who presented the three prizes, spoke briefly before about 250 people in Kersting Court where awards were received by the Search Squad, St. Rita's Guild and Bethany Church.

The Sierra Madre Community Concert Band played several selections before the prizes were awarded.

"Several businessmen informed me," Mayor James said, "that the contest stimulated business during the

summer. But equally important, it created an aura of good will between the merchants and the buying public."

Over 70,000,000 votes were cast in the 13-week campaign, which was sponsored by the Chamber of Commerce here. Mayor James remarked that this represented more than \$700,000 in business.

Bill Wark, whose "On the Trails" column appears in The Sierra Madre News, accepted first prize for the Search and Rescue Squad. Second prize of \$200 was received for St. Rita's Guild by Father Thomas O'Malley, pastor of St. Rita's Church.

Third prize of \$100 was accepted by Rev. Robert N. Schaper of Bethany Church. Mrs. Peggy Lusman, chairman of the Chamber of Commerce Merchant's Division, discussed the campaign briefly. Other speakers included Robert Green, president of the Chamber of Commerce, and Fred LaLone of the Search and Rescue Squad.

Totals for the five organizations polling the highest number of votes follow:
Search and Rescue Squad.....25,265,916
St. Rita's Guild.....13,192,241
Bethany Church.....7,048,672
Ascension Church.....4,301,472
Methodist Church.....2,030,242

Drive Is Over the Top For Purchase Prize

Ed. Note: Again this year, announcement of the nationally-known artists who will enter the Purchase Prize competition Nov. 2—Dec. 3 is made by Dr. Nathan Jacobs. His has been the guiding hand from original planning and fund raising to the culminating exhibit, widely respected by painters and public throughout Southern California.

By Dr. Nathan Jacobs
Member, Exhibits Committee
Friends of the Library

The Friends of the Library this week went over the top for the \$300 prize in the Second Annual Purchase Prize Exhibit, clearing the last hurdle in preparation for the yearly art showing.

A high-quality show is assured by the roster of proven artists whose work will be shown. Competing this year are: Lenard Kester, "The Tumbler's Group"; Edward Reep, "Silveret in Cool"; Francis de Erdely, "The Pinata"; Tyrus Wong, "Solitude"; Fil Mottola, "Beach at Monterey"; Leonard Edmondson, "Life Fragments"; Emil Kosa Jr., "Stone Mountain"; Jonathan Scott, "Sicilian Market Woman"; Noel Quinn, "Shimbashi Bridge"; Rex Brandt, "Afternoon Glitter"; Sueo Serisawa, "The Drummer."

Also, K. Antoyan, "Market Meeting"; Millard Sheets, "Old Church With Jacaranda Tree, Hawaii"; Edgar Ewing, "View Near Coronado"; Einar Hansen, "Head"; Phil Paradise, "Rada Rhythms, Haiti"; John Leeper, "Tree Patterns"; Richards Ruben, "Untitled 1956"; Phil Dike, "Buoy Boat."

At this year's show, restricted to water colors, the artists again will be present at the reception to meet the gallery-viewers.

The Exhibits Committee has sought to provide the best show available and, as before, there is no partiality toward any particular school or art style.

The committee this week reported the following donors in addition to those listed last week: Sierra Madre Florists, Royal Drugs, Robert Green, Dr. and Mrs. Robert Bell, Reece 5 and 10, Anonymous, Al Foxton Chevron Station, Robert Lane Jeweler, Richley of California, Andy Liscomb Union Station, Daniel D'Arcy, Optometrist.

\$5,000 Blaze Razes Garage On Michillinda

Fire completely destroyed a garage owned by Fred J. Malig, 1215 Michillinda, Pasadena, last Sunday afternoon while the Maligs were away.

Only two charred walls remain standing. Mr. Malig estimated damages at approximately \$2,100 to the structure and \$2,500 to personal property that had been stored in the garage.

The fire was discovered and reported to the Pasadena Fire Department by an unknown person who was walking by. He and several others, none of whom are known, fought the fire with garden hoses until the Fire Department arrived.

Mr. Malig said their action probably saved the house from burning also. The fire is believed to have been caused by ashes from a fireplace that had been dumped in the garage. Mr. Malig said they were removed from the fireplace Friday and apparently were completely out when he put them in the garage.

WINS AWARD

The Board of Harbor Commissioners 47th Annual Report, for the second straight year, won one of four merit awards in the national Annual Report contest conducted by Newcomb-Sammons, Chicago management consultant firm, it was reported this week.

Husband-Wife To Exhibit Here

Jean and Arthur Ames of Claremont, creative artists in enamel, tile and mosaic, will show their works in the exhibit cases of the main Library along with the Purchase Prize Exhibit.

For 17 years the Ames-es have collaborated in creating decorative art. They recently completed 24 religious panels in enamel on copper for Temple Emanuel in Beverly Hills, and also created a glass mosaic for the altar of the Claremont Community Church. In addition to their studio work, the husband and wife team teaches at Scripps College.

Deadline For Absentee Ballots Nov. 1

Sierra Madre Republicans and Democrats joined this week to remind registered voters that the deadline for applications for absentee ballots is Nov. 1. The following voters are eligible for such ballots:

1. Any registered voter who will not be present in his voting precinct on Nov. 6, which includes patients in hospitals, rest homes, convalescent homes and sanitariums.
2. Members of the Armed Forces and their families.
3. Any registered voter who, for physical reasons, is unable to reach the polls.
4. Those whose religious tenets will not permit them to attend the polls on Nov. 6.

Materials and information regarding absentee voting are available at Republican Headquarters, 13 Kersting Court, and Democratic Headquarters, 38 W. Sierra Madre Blvd.

TRAVEL FILMS

The 11th annual World Travelogue Series of color films to be presented at the San Gabriel Mission Playhouse opens Nov. 5 with the showing of "Russia, 1956."

Committee to Probe School Curriculum

A citizens committee, headed by Clifford D. Hensel, was urged to study the Sierra Madre School curriculum at a meeting of the Board of Education Monday night.

Mr. Hensel, 715 Edgeview Drive, already has met with interested citizens to discuss the curriculum and the reasons for Sierra Madre's poor showing in recent sixth-grade achievement tests.

In reporting to the School Board, Mr. Hensel said an examination of several other school systems indicates that Sierra Madre's course of study could be more advanced.

He also urged stress on fundamentals, good concentration and good work habits.

Dr. Milton W. Valois, Board president, appointed Mr. Hensel as temporary chairman of a citizens committee to study the problem further. The committee is scheduled to make a preliminary report at the next Board meeting Nov. 26.

School Superintendent Charles Skutt pointed out the study will be timely because within the next year, enrollment at the schools here will require that the curriculum be supervised by the local administration, rather than by the county.

This occurs when the school population reaches 950. Sierra Madre now has more than that number enrolled in its two grade schools.

THE BOARD also heard a report on the possible improvement of the Sierra Madre School playground. Dr. Valois, who had consulted with Howard Morgridge, architect, said three steps had been suggested.

1. An engineer should be consulted to determine the amount of dirt that can be removed to level off the playground.
2. The northern and western edges of the playground should be graded and planted in shrubs and trees. Rumors that the school was planning to build a garage on the northern section has caused considerable controversy among area residents.
3. The school may be able to sell a strip of land on the eastern side of the playground to Vincent E. Garvin, providing he builds a curb to prevent water from running into the play area. Mr. Garvin, whose home borders the playground,

wants the strip of land to build a driveway into his property.

The Board deferred further action until an engineer can be consulted.

The Board also voted to advertise for bids for the installation of dark glass in the Sierra Mesa School. Dark glass is needed in five classrooms because of glare.

Hey, Kids! Wanna Paint A Window?

A call for youthful artists was issued this week by the Chamber of Commerce and the Recreation Department, which are sponsoring a Halloween window-painting contest Saturday morning.

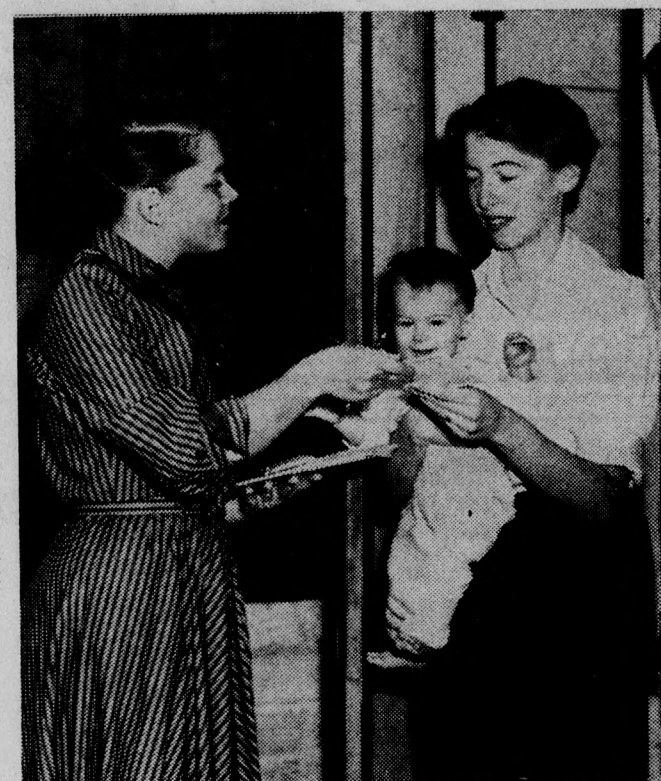

Would-be contestants must report on the Baldwin Ave. side of the triangle at 9 a.m. with their own brushes, cans for paint, newspapers and rags. Juice cans in shoe boxes were suggested for neat mixing of colors, which will be furnished by the sponsors.

No window may be started before 9 a.m. or after 10:45, and all must be finished by 12:30. In addition, the sidewalk and area around each window must be cleaned before the window is eligible for judging.

Specific instructions as to picture sizes, borders, etc., will be given when the windows are assigned. Prizes will be awarded by the Chamber of Commerce. The contest is open to all youngsters enrolled in the sixth through tenth grades.

THIS SCENE has been re-enacted many times during the past week as the Community Chest Red Feather Drive got under way in Sierra Madre. Here Mrs. Ted Velasquez of 269 Cypress Court, a precinct worker, solicits a donation from Mrs. Louis Pontarelli, 369 Cypress Court, as infant Tina looks on with interest. The campaign, which started Oct. 17, to date has brought in \$2,941.10—of which \$2,776.50 is from mail and business donations and \$164.60 from incomplete returns in three precincts. The goal this year is \$9,000. Chest officials this week urged residents who may be missed by the door-to-door drive to mail their contributions to Community Chest, c/o Postmaster, Sierra Madre, Calif.

Chamber Starts Recruiting Drive

The Chamber of Commerce kicked off its 1956 membership drive at a dinner last night in Masonic Temple.

Starting Monday, the "Oldsters" and the "Youngsters" will comb the town in two teams for a week searching for new members. The "Oldsters" will be captained by E. R. Mitchell of First Western Bank, while Sterling Ripple of Ripple Mortuary will lead the "Youngsters." Chairman of the membership drive will be Robert Lane of Robert W. Lane, Jeweler.

Mrs. Warfel Seeks Leave, May Resign

Mrs. L. Marie Warfel, city clerk since 1951, Tuesday night asked the City Council for a year's leave of absence from her duties as chief clerk.

At the end of the year, she said, she will reappraise her situation with a view to returning or resigning. The Council tabled the matter until its next meeting on Nov. 13.

Mrs. Warfel would retain her elective position as city clerk, but would take a leave from the administrative duties as chief clerk, an appointive office.

She cited the pressure of family duties and their conflict with her official duties as chief clerk. The Warfels have three children, the youngest of which is two months old. They reside at 319 N. Sunnyside.

Mrs. Warfel joined the city hall staff in June 1940, and was appointed deputy city clerk shortly afterward. In 1951 she was appointed city clerk and was elected to that office in 1952.

She was re-elected for another four-year term in the elections earlier this year.

NEBRASKA PICNIC

California Nebraskans and friends will gather in a picnic on Oct. 27 at Sycamore Grove, Los Angeles. President Herbert Cameron announced that a fine program will start at 2 o'clock.

Recreation Post Subject Of Meeting

The Sierra Madre Recreation Commission will meet tonight to interview applicants for the position of city recreation director, it was announced yesterday.

The commission, which met Sunday night, decided that its current recreation program can be continued until a new director is chosen. Tentative plans to conduct classes in archery, dry-land skiing and fly casting will be dropped.

The commission also voted to recommend to the School Board that plans to improve the Sierra Madre School playground be carried out. Opposition to these plans, including enlargement of the ball field, has developed among property owners who live in the vicinity of the school.

In other action, the commission voted to send letters to the City Council and School Board following each meeting to advise them on progress made. The commission will meet regularly on the fourth Thursday of each month.

Kiwansians View First Prize Film

A prize-winning industrial film, "Eye to the Unknown," was shown to members of the Sierra Madre Kiwanis Club at its meeting Tuesday in the Woman's Clubhouse. The film, in color, was presented by Jack E. Cressman, press relations chief for Consolidated Electrodynamics Corp., Pasadena.

Ted Velasquez, 269 Cypress Court, Sierra Madre, was art director for the film, which won first prize in competition in Cleveland recently as the best industrial film of the year.

O-DAY PROGRAM

Army Specialist Third Class Robert H. Davidson, 24, son of Mr. and Mrs. H. H. Davidson, 185 E. Sierra Madre Blvd., Sierra Madre, recently participated in Organization Day activities with the 25th Infantry Division in Hawaii. Specialist Davidson entered the Army in December 1954.

City Council Votes 3-1 For Modified Measure

The City Council Tuesday night approved and gave first reading to a fence-clearing code which would affect at least 149 Sierra Madre corners.

The Council also approved the Recreation Department budget of \$3,420, which has been pending since July 1. This action followed a meeting last week of the School Board, Recreation Commission and Council at which the budget was discussed and misunderstandings were ironed out. The budget as approved was modified in minor respects from the one originally submitted.

The obstruction-abatement code was approved after the Council heard a report from Police Chief Gordon G. McMillan that it would help to reduce accidents.

The proposed ordinance on which the chief's report was based had specified that corners have no obstructions more than 3½ feet high within a triangular area, the two sides of which would be 25 feet long on the street sides extending back from the property line.

THE ORDINANCE as finally approved reduced the 25-foot requirement to 15 feet. The chief said this also would help reduce accidents, though not as effectively as the more stringent specifications.

He also estimated that almost one-third of the corners which will have to be cleared involve areas owned by the city.

The ordinance as approved would place enforcement in the hands of the city administrator, who within 30 days after receiving notice of a violation would be required to advise the chief of police whether removal of the obstruction is necessary.

If he should decide it is, the corner would be posted. The owner then would have 10 days in which to appeal to the City Council. If he should lose his appeal, the obstruction would have to be removed within 20 days, after which time the city could move in and charge the owner for its removal.

APPROVAL CAME on a motion by Councilman Harold Roberts, seconded by Councilman David Wood. The sole vote against it was by Councilman Lorne Pratt, who felt the reduction to 15 feet made the ordinance little more than a gesture. He favored retention of the 25 feet or disapproval of the ordinance.

The ordinance will come up for its second reading Nov. 13.

The Council Tuesday night also took action leading to the establishment of school crossing guards at Sierra Madre Blvd. and Canon and

'Forbearance' Is Rewarded

For their "tolerance and forbearance," residents of Lima St. soon will receive thank-you notes from a grateful City Council.

The Council passed a motion to that effect after Councilman Harold Roberts reported that not a single complaint had been received from residents during the disruptive work on the Lima St. storm drain.

The Council also had some good news for residents: major work on Lima St. is expected to be completed in about two or three weeks and repaving in about six weeks, barring unforeseen developments.

possibly at other intersections in the city.

The Council referred the matter to Chief McMillan for recommendation after receiving a letter from School Board President Milton W. Valois citing a petition signed by 91 residents of the area.

ACTION ON THE CHIEF'S recommendation is expected at the Council's next meeting. City Administrator Lawrence C. Bevington will meet with the School Board before then to discuss whether hiring and paying the guards should be the responsibility of the city or the board.

In other action, the Council:

1. Heard a complaint by residents of the area between Gatewood and Fairview Aves. that drainage in the area represents a threat to their properties. The Council tabled the matter until its next meeting pending an investigation of the area.
2. Received a complaint by Mrs. Elizabeth Rhodes, 76 N. Canon, against the Council's approval Oct. 9 of a blacktop sidewalk on the east side of Canon between Sierra Madre Blvd. and Grandview. The Council acted to provide a walkway for children walking to Sierra Mesa School. Mrs. Rhodes felt the walk would depreciate her property. The Council voted to remove the blacktop and assume engineering and incidental costs if the area ever forms a sidewalk assessment district for installation of concrete walks.

Know Your Community . . .

Co-ordinating Council: Aim is Co-operation

The Sierra Madre Co-ordinating Council was established nine years ago as one of 93 such councils in Southern California.

While emphasis is placed on the youth of Sierra Madre, the group's activities are not limited to any particular area. Working somewhat as the old New England town meeting, it endeavors to promote a better community.

The council is composed of one appointed representative from each civic organization, although any interested citizen is welcome to attend and participate.

Generally, the council works through the organizations represented. To cite a hypothetical example, an organization brings a problem to the council. Because of the unique structure of the council, every local organization may voice an opinion on the problem and through their representatives may work together to find a solution on a community level.

Thus it is apparent that the council's work is a community effort rather than an individual one, and as such requires the support of every organization in the city.

History has shown that the organization can be a powerful tool for a better community if it has the active support and interests of the community. Everyone from Boy Scouts to pensioners are welcome.

Editorials

Notes on a Free Press

Nothing distresses a metropolitan newspaper more than to be accused publicly of editorial bias, yet in too many cases the charge is undeniably true.

Publishers' and editors' brows grow black, and underlings are sent scurrying to gather statistics on column inches to prove it just isn't so, yet they contradict themselves with every issue.

Such criticism has been swelling in thoughtful circles over the past years, not because newspapers are growing worse in this respect but because they haven't shown more improvement.

And in an age marked by consolidation and merger, when newspapers like everything else are growing fewer and larger, the implications of slanted news are infinitely more insidious. Where a metropolitan area in past years had several newspapers of varying political and economic faiths from which to draw its knowledge of daily events, now it has just a few—whose beliefs show astonishingly little variation.

This condition is not limited to Republican newspapers, although they have drawn most of the fire of late. Certain Democratic newspapers are equally guilty, and equally dominant in their areas.

Now, how do you detect bias? Well, some newspapers make it easy for you by referring to union pickets in their news columns as "goon squads," to opposition candidates in such vitriolic terms as to make the slant unmistakable. But most are more subtle. On their front pages you will never see a picture of an opposition candidate, but a large photo of a chosen office-seeker graces it almost daily. By the unwritten, but clearly understood office rule, the headline dealing with the chosen man dwarfs that pinned on the rejected candidate.

The lexicon also is different, and also is clearly understood by those who want to rise in their newspapers' hierarchies. The favored candidate is "in a fighting mood," the opposition man is "clearly showing the strain," the former "flashes a wide grin of confidence," the latter is "worried by the small crowds."

The chosen man "points out," he "charges" and "declares," the rejected "claims" (a weasel word if ever there was one) or at best he just "says." The good man "refutes," the bad man "denies."

The list is infinite, and unless seen in the overall picture is meaningless. It is by constant application of the word-picture phrase and the evocative adjective that a definite impression is created.

I don't mean to imply that offending newspaper offices are filled with scheming little men pondering this word or that phrase with an eye to influencing the public. Rather they are peopled with professional men who have learned by experience that certain subjects demand certain treatment, and their stories and headlines reflect that knowledge, consciously or unconsciously.

There are many other devices for creating a slanted impression. I have dealt here mainly with politics, because it is uppermost at this time and also is easy to pinpoint, but the interests of metropolitan newspapers are varied. There is the community project backed by the newspaper which is the subject of a prominently placed story, a daily "must," and a real test to the inventiveness of the reporter who must find a fresh angle to keep it alive every day. Opposition to these projects is buried in the welter of words in its favor.

And there is page 65 and a few paragraphs for those espousing economic proposals or causes in the newspaper's disfavor, and page 1 for those on the approved list. There are many more, but to list them all would take more space than is available here.

Now, why are these metropolitan newspapers slanted? In the past, many would have blamed pressure from the advertiser. If this ever was true to any great extent, which I doubt, it certainly does not hold water today.

The modern publisher of a large daily newspaper is king of the roost today as he never was in the past. Wielding immense power and influence, he is far less dependent on the individual advertiser than the latter is on him. The coincidence of their viewpoints, apparent in many cases, can be laid for the most part to the community of their interests.

The unfortunate fact is that some publishers feel they must exercise their considerable power, not to remain free and impartial purveyors of news, but to influence their vast number of readers in the "right" direction, to protect them from the ideas of those who might lead them astray.

They mistake their mission. Not content with their essential and vitally important task—TO INFORM—they seek to educate. And while one can applaud a newspaper which puts its views strongly in its editorial columns, too many times these editorial views seep into the news columns. Obviously, an informed electorate is unlikely to result from this kind of reporting.

Then, too, the passion with which offending publishers seek to "educate" the electorate most often is tied in with their deep and incongruous involvement in the political machinery of their chosen party.

Despite everything, however, I think the over-all picture is brightening. While too much of the news undoubtedly is slanted, at the same time there is more news than ever before. The reports on men, beliefs and causes of which the newspaper disapproves may be found on page 65, or overshadowed by reports on pet causes, but they are there, nevertheless. This too often was not the case in the past.

Too, there are several excellent newspapers across the nation which do their level best to meet their obligation to the readers by giving them the news straight, and leaving it to them to make up their minds about it. Such newspapers are keeping pace editorially with the great technological advances—and the increased competence and educational level of the average newspaper staff—which have made today's newspaper a far better product than its predecessor.

These are the papers which refute the argument that since "men are only human" an unbiased newspaper is an unlikely, idealistic dream.

No one has a right to expect a publisher, who is "only human," to turn out a completely unprejudiced product. But one has the right to expect him to try.—W.F.T.

Don't Be a Slacker

Lee Shippey asks
What Do You Think?

The Friends of the Library and the Los Angeles County Museum deserve the thanks of this community for the beautiful and informative motion picture history of Egypt shown at our Public Library this month.

Our town is lucky to be able to get this service from the County Museum, and it took some doing. Dr. and Mrs. Daniel D'Arcy made the initial effort, a year ago, and I was able to help a little. Then Mrs. Stanley Fish nailed down the promise that we could get on the circuit.

The Egypt picture was the first of a series which gives promise of being an important cultural and entertainment asset, and the applause which followed its showing, coming from one of the largest crowds ever gathered in the Community Room, showed that our public is most appreciative. President Dan Parker and Dr. D'Arcy, I believe, are the persons especially responsible for its notable success.

I'M SO DELIGHTED by the Planning Commission's program for restoring the beauty of many of our streets by replacing dead and dying trees with replantings suitable to our city, that I'm willing to forget politics this week.

I have been crying for some such plan for several years, pointing out that many of our ancient peepers have lost their pep and applauding previous suggestions of the Planning Commission and the administration.

But suggestions weren't enough. There must be an understanding that unless the property owners of any block get together and make their own plans, with Planning Commission approval, the city will proceed on its own and add the cost to the tax bill. The charm of our city comes from its trees, and dead and dying trees

are pathetic and depressing. BUT DID YOU READ the statement that in smoggy areas trees which used to look well for 40 years now live only about 15 years? Put that in your pipe and smoke it, some morning when burning is permitted.

Air pollution and radiation have become elements which may destroy us if we cannot find the answers. Practically all doctors not addicted to them say cigarettes contribute heavily to lung cancer—and cigarette smoke is simply a personal air pollutant.

Recently a distinguished scientist warned that x-rays should be avoided when not imperative, as all radiation is dangerous to greater or lesser extent. And other scientists, who know far more of such things than most of us do, have declared that already some effects of atomic or hydrogen bomb radiation have been found in the bones of persons thousands of miles from where bombs were exploded.

It is too soon for even scientists to say what the final effects of such radiation may be, but we have been warned of the possibility that it may affect our descendants more than it affects us, and that enough of it in the air might make it impossible for the peoples of the whole world to have children. These may seem fantastic visions, but who would have thought of television as anything but a fantastic vision 50 years ago?

The important thing is that no one yet knows whether they are fantastic visions or not. But we do know that fall-out from one atomic blast in the Pacific had such deleterious effects on the crew of a Japanese fishing boat hundreds of miles away that a claim for heavy damages was presented to our government and I think—was paid.

AS A CONGRESSMAN I have attended many meetings, partisan and non-partisan, and one can come to expect a little heckling from time to time by members of the opposition party. But to see such insults thrown at the President of the United States at a non-partisan meetings smacks of organized hoodlumism.

Not more than two dozen people among the crowd of 20,000 took part in the demonstration for Stevenson. Streets were lined with cheering, yelling fans as our motorcade went from the airport through Burbank, Hollywood and Beverly Hills to the hotel. The Eisenhower popularity, his warm personality and magic smile continue to attract people of all ages.

AT THIS WRITING two other key Republicans are slated to enter our area this week and next. Thomas E. Dewey will have spoken at the Pasadena Civic Auditorium, and Vice President Nixon will make his appearance in our district Monday, with the schedule to be announced.

The visits of these dignitaries should prove emphatically how important the national leaders feel Southern California will be in the election on Nov. 6.

This area could, and very probably will, decide which way the state goes. And California's selection may be the decider on the national scene.

Around
Washington

By Edgar W. Hiestand
Rep., 21st District

President Eisenhower's visit to Lockheed Air Terminal last week marked the first time any president has ever come into our congressional district.

This unique occasion afforded me the privilege of welcoming the President and of sharing the platform with him as he made his brief remarks to the crowd of some 20,000 aircraft workers and well wishers.

The President chose to land at Lockheed instead of flying to International or to Long Beach because his plane, the Columbine, had been built at the Burbank plant.

The morning was heavy with fog, low clouds and smog, but the President's landing was right on schedule. The program went off precisely except for the poor taste of some in the audience to raise a cutoat likeness of Adlai Stevenson and try to embarrass the President with a sign reading "Captive Audience."

Of course it was not a captive audience in any sense of the words. Upon learning of the decision to land there, Lockheed officials announced that employees could take time off to see the President if they wanted to. There was no coercion. The Lockheed decision was one of courtesy—to the employees and to the President.

Nevertheless the signs went up. President Eisenhower treated the interruption lightly, but at the same time firmly, pointing out that this airport meeting was not political and that he would do his politicking later at Hollywood Bowl.

AS A CONGRESSMAN I have attended many meetings, partisan and non-partisan, and one can come to expect a little heckling from time to time by members of the opposition party. But to see such insults thrown at the President of the United States at a non-partisan meetings smacks of organized hoodlumism.

Not more than two dozen people among the crowd of 20,000 took part in the demonstration for Stevenson.

Streets were lined with cheering, yelling fans as our motorcade went from the airport through Burbank, Hollywood and Beverly Hills to the hotel. The Eisenhower popularity, his warm personality and magic smile continue to attract people of all ages.

AT THIS WRITING two other key Republicans are slated to enter our area this week and next. Thomas E. Dewey will have spoken at the Pasadena Civic Auditorium, and Vice President Nixon will make his appearance in our district Monday, with the schedule to be announced.

The visits of these dignitaries should prove emphatically how important the national leaders feel Southern California will be in the election on Nov. 6.

This area could, and very probably will, decide which way the state goes. And California's selection may be the decider on the national scene.

Dear Sir:

Mr. Shippey has fallen into the usual practice of digging up the past glories of the Democratic Party and waving them alongside of the Flag and Mother.

If Mr. Shippey must flaunt the past victories of the Democratic Party perhaps he will go back a bit further and state the reasons why there had to be a Truman Doctrine to stop communism. Just which party put their trust in Russia in the first place? And under whose term of office was half of Europe lost to the West and all of China given away?

Mr. Shippey highly praises Social Security, Old Age Pensions and the other wonderful programs that are a part of our life but evidently he objects to the Republican administration broadening those very programs.

Then he worries about the

fate of the nation's young being in debt. Evidently he hasn't been reading the speeches of the leaders of his party: "We will experience a lifetime wage guarantee. Old Age Benefits so we can live out our lives as we've become accustomed. (Thank God I'm not living as a bum.) Guaranteed profit for the farmers for anything or everything raised. No draft service because of world-wide peace. No fear of atom bombs because the Russians (who haven't kept a promise or a treaty yet) will follow our lead and not work on them either. A balanced budget."

Why, then, should the young people save when your party knows all, does all, and will care for all? Lastly, he does give President Eisenhower a place in history as a great general and a leader of NATO only

through the benevolent kindness of his party and not because of Eisenhower's proven ability.

During the Eisenhower Administration the people enjoyed real prosperity and peace.

Honesty and integrity was the law of the official family.

Social Security was expanded to cover many more millions of people.

Labor unions gained thousands of new members and contracts were negotiated with a minimum of government interference.

Great new continental highways spanned the country.

The government and private enterprise entered into a partnership developing power, the citizens gaining in flood control and more electricity and the government gaining additional income from taxes on those

projects without spending one dime of the taxpayers' money.

Civil rights took the biggest step toward realization, not with blaring headlines, but with moral actions.

The farm program that had proven so unsuccessful was changed to allow the farmers to put marginal lands into a soil-building reserve for emergency use, yet were protected enough by flexible prices to assure them that the market value of the crops raised at least would span the gap between high and low markets.

The budget was balanced through strict economy.

It was a time of full employment.

The Eisenhower Administration can be summed up as a time of general well being. Personally, being one of the so-called "little men," I think it's wonderful.

CHARLES H. WEBER.

You're on your way to a wonderful time with... **SAFEWAY** big buys!

'Favorite Sport' Is Party Theme

Come as your "Favorite Sport" was the invitation Shakespeare Club Juniors and their husbands received for their Halloween Dance at the Rainbow Angling Club, Azusa, at 9 p.m. Saturday. There will be prizes for the most original costumes of both men and women.

Mrs. R. Ross De Vinney, sports chairman, will be assisted by Mmes. Ira C. Matthiessen Jr., Charles P. Moller, Alan J. Wurts and Henry R. Van Brussel, who are planning the refreshments. Decorations will be handled by Mmes. Kenneth C. Holloway, Leonard Altmayer Jr. and William R. Cranford. Music will be provided by George Booth and his orchestra.

"you see things from the train. And S.P. really has the scenery."

THE BEST OF RIDES—FOR FOLKS OR FREIGHT

A Note of Thanks

We find it impossible to personally thank every one of our friends who gave us gifts, the wedding reception and surprise birthday party in the VFW Hall two weeks ago.

Our appreciation also goes to the VFW Auxiliary for the delicious buffet supper they served and to the gracious hostesses—Rose Udell, Marie Kiggins and Linda Perry—we say thank you again.

Mr. and Mrs. Joe Belohlavek and Art Gadd

RE-ELECT KUCHEL

United States Senator Thomas H.

He serves ALL the people

U.S. Senator Tom Kuchel has faithfully served California and the nation for 20 of his 46 years.

During 3½ years in the United States Senate, Senator Kuchel has established an outstanding record for getting things done.

Measures which he has sponsored have provided more water for California farms and cities—more jobs for California workers—more business for California industry—greater security for the aged, for veterans and for all of us.

We invite every Californian—regardless of party—to join with us and

RE-ELECT TOM KUCHEL NOV. 6
Sierra Madre Republicans

Halloween Box Social Set Saturday by Lamplighters

The spooks and goblins will be stalking the best box supper Saturday night at the Halloween Box Social of the Sierra Madre Methodist Lamplighters.

Chief spookers will be Mr. and Mrs. Sam Kirk of 646 W. Sierra Madre Blvd., assisted by the Ray Bowmans, the Andy Westhavers and Dr. and Mrs. Chilton McPheeters.

Guests will come in costume and prizes will be given for the best men's and women's costumes. Prizes also will be awarded for prettiest decorated box supper and the one which brings the most money.

Proceeds from the auctioning of suppers will be used to buy a typewriter for the church.

J. T. Edwards Enjoys Trip

J. T. Edwards, 484 Mariposa, and his daughter, Mrs. Virginia Bridge, are enjoying a motor trip through Yosemite National Park and the Mother Lode Country en route to San Francisco.

Following a week's stay in the Bay City, the Sierra Madrans will return via Strawberry, Carson City, Mammoth, Big Pine, Death Valley—where they will be guests at Furnace Creek Inn—and Las Vegas.

Mr. Edwards' other daughter, Mrs. Russell Nicholson, who with her family has been visiting in Sierra Madre, is en route home to Saudi Arabia by way of Canada, Greenland, Copenhagen, Austria and Italy.

Lady Lions Pick Committees at Business Meeting

Committees were chosen at the Oct. 16 meeting of the Lady Lions in the home of Mrs. R. R. Buttane, 3535 Landfair Rd., Pasadena.

Named were Mrs. John French, publicity; Mrs. Lloyd Welch, Mrs. James Dunnigan and Mrs. Frank Barbour, social committee, and Mrs. Joseph Delgatto, courtesy chairman.

The meeting was the first presided over by the new officers, who are Mrs. Harold Hamm, president; Mrs. Carl Lotze, vice president; Mrs. William Waite, secretary, and Mrs. Paul Lanwehr, treasurer.

Refreshments were served following the business meeting.

Eastern Star Sets Spaghetti Dinner

A spaghetti dinner sponsored by the Social Club of the Eastern Star will be held Sunday from 12:30 to 5:30 p.m. in Masonic Temple, 33 E. Sierra Madre Blvd.

Tickets may be purchased at the door or from any member. The dinner is open to the public.

Social Activities

OFF FOR VENEZUELA is Judy Malone of 21 E. Longden, Arcadia, one of seven models who will leave soon to put on fashion shows in the South American country. Here Miss Malone models one of the dresses from her personal wardrobe for the trip, which was done by the Susie-Marie Shop of Sierra Madre. Judy, who is from the Beverly Anderson Modeling Agency in Pasadena, and the other models will put on "airborne fashion shows" aboard airliners from Caracas to other Venezuelan cities in addition to regular fashion shows and radio and TV appearances. The group is expected to return from their Venezuelan showing of California fashions sometime in November.

Rocky Stone Observes Birthday

Rocky Stone, son of Mr. Track in San Francisco, and Mrs. Arthur Stone, celebrated his eighth birthday Oct. 13 with a party at his home at 182 E. Mira Monte. Rocky's father, a jockey, came home for the party from the Golden Gate Race

Theme of PTA Carnival Is 'Southern Hospitality'

"Southern Hospitality" is the theme for the forthcoming Carnival which will be held Nov. 3 from 4 to 9 p.m. on the Sierra Madre School grounds.

Songs of the Old South, appropriate costumes and southern-style food will be featured. Fun for the whole family is promised, with lore. Also, there will be a fine gifts as well as bargains may be found.

To avoid the rush there will be an advance sale of tickets this year. Tickets will be available from the Room Mothers.

Working to make the Carnival a success are Messrs. and Mesdames Bjarne Goldman, Charles Fretz, Lester Barkley, James A. Dunna, Bert Menne, Thomas Motz, Arthur Fox, Clifford Hensel, Harvey Rogers, Frank McNamara, Gordon MacDonald, Clark Casey, Noel McGarvin, William Treder, Edward Rigins and many others.

Civic Club Sets Spooky Party

Spooks and goblins will be the order of the evening Saturday when the Civic Club holds its annual Halloween party at the home of Mr. and Mrs. Henry Johnson, 171 W. Orange Grove.

Mrs. Lorne Pratt, hospitality chairman, has planned games, refreshments and prizes for the best costumes.

Blue and White Ceremonies Are Held at Anoakia School

Anoakia School for Girls was the scene recently of the traditional Blue and White Ceremonies for all new day and boarding students.

The event began with a box luncheon at noon followed by relays, stunts, and initiation ceremonies for new girls with Joan Murdy, student president, acting as mistress of ceremonies.

Those members of the Student Council assisting her were Sheila Roberts, Sharon Butler, Suzanne Techentini, Juli Smock, Whitney Daly, Joanne Glass, Penny Wendel, Mary McCaslin and Edith Whitty.

Following a late afternoon movie, a special spaghetti dinner was held. The Athletic Council was in charge of the evening program and its president, Janet Lett, welcomed the students and introduced Mrs. Donald Knapp, swimming instructor; Mrs. Russell M. Lett, physical education instructor, and William Bodor, tennis coach.

Susan Galloway, captain of the White Team, and Charron Kallal, Blue Team captain, then presided over the selection of members for their teams.

Traditionally, each student and faculty member is a member of one of the teams. New girls and faculty, chosen by lot, were assigned to the teams.

Athletic Council members assisting Miss Lett were Ardelia Tibby, vice president, and Barbara Sweeting, secretary.

Storkland

A daughter, Vickie Lee, was born Oct. 15 in St. Luke Hospital to Mr. and Mrs. Michael Aronson, 134 W. Sierra Madre Blvd. The baby weighed 7 pounds, 15 ounces. Maternal grandparents are Mr. and Mrs. Mark Rosner of 400 N. Mountain Trail Ave. Paternal grandparents are Mr. and Mrs. Arthur Aronson of the Sierra Madre Blvd. address.

Mr. and Mrs. Robert M. Landeman of 318½ Genoa, Arcadia, became the parents of a boy, Robert M. Jr., Oct. 15 at St. Luke Hospital. He weighed 8 pounds, 9 ounces. Maternal grandparents are Mr. and Mrs. G. O. Kistner of 689 Alta Vista Drive, Sierra Madre, and paternal grandparents are Mr. and Mrs. Milton Landeman of Pasadena.

A son, Roderick Allen, was born Oct. 13 at St. Luke Hospital to Mr. and Mrs. William Spargur Jr., 237 Vista Circle. Roderick weighed in at 7 pounds, 15 ounces. Maternal grandparents are Mr. and Mrs. Louis Rondeau, 59 W. Carter, and paternal grandparents are Mr. and Mrs. William Spargur, 47 N. Lima. Roderick has a sister, Lisa, 3.

Reservations Still Open for Dinner

Reservations still can be made through tomorrow for the annual dinner of the Sierra Madre Historical Society Oct. 29 at the Woman's Club.

Speaker will be F. B. Putnam of the Southern California Historical Society, who will give an illustrated lecture on early California missions and ranch homes. Tickets can be obtained at Hartman's Drugs, Perrys' Stationery or Lange & Lees Real Estate.

The world decrees that a man must pay as he goes, or go only as he pays.

Eteri Club Will Take Boat Trip

Members and husbands of Eteri Club will take to the high seas tomorrow night on a boat trip from San Pedro.

One of the activities planned during the boat trip is a wiener roast on board. Among those taking part will be Miss Natalie Romans, the group's Bible teacher, who will drive out from Los Angeles; Mrs. Ruth Savage, president, and Mrs. Jean Bell, vice president.

Lieutenant-Governor

POWERS

"I cannot conscientiously recommend a 'Yes' vote to the people on this highly technical and controversial measure ... Because of my familiarity with the many technical problems involved in providing the proper conservation of our oil and gas resources, I shall vote 'No' on Proposition 4." *Lieutenant-Governor Harold J. Powers.*

Attorney General

BROWN

"I am going to vote against the proposition because it is, I believe, unwise to by-pass the legislative process in such a complex and controversial matter." *Attorney General Edmund G. Brown.*

Assemblyman

MILLER

"I believe in the theory and principle of conservation, but there are so many possible legal interpretations of many provisions of this measure, that I do not believe it should be fixed into law by the initiative method where it will not be amendable by the Legislature." *Allen Miller, Chairman, the Assembly sub-committee on tidelands.*

WILL

VOTE NO ON PROPOSITION

If you're confused about this highly technical and controversial bill, you needn't vote in the dark. Vote **NO** and refer the act to your elected representatives in the California Legislature. They're qualified to read—and understand—the small type in this bill.

Electric cooking is fastest!

Now! Hot soup in 68 seconds when you cook electrically!

TODAY, NOTHING COOKS FASTER than a modern electric range. Hot soup in 68 seconds. Bacon and eggs in 3½ minutes. Instant coffee in 60 seconds. Fry, bake, broil or roast—electricity does it better.

THERE'S MORE: your kitchen is cooler. And cleaner. Pots and pans stay mirror-bright. Kitchen walls look fresh and new twice as long.

SOMEDAY YOU'LL COOK on a modern electric range. It's almost inevitable. But why postpone it? Edison rates are among the lowest in the country. What's more, after the warranty on your range expires, Edison services it free as long as you own it. (The only charge is for parts, when needed.)

IF YOU'RE STILL COOKING the old way, it's simply because you haven't seen the new '56 electric ranges at your appliance dealer's. Why not visit him this week and see how easy modern cooking can be?

LIVE BETTER—ELECTRICALLY!

SOUTHERN CALIFORNIA COMPANY

Cub Scout Pack 381 Holds Induction Ceremonies for 27

Twenty-seven new Bobcats were inducted into Cub Scout Pack 381 at ceremonies held last Friday evening at the Sierra Madre school.

Receiving awards were Roger Morrison, Den 7, Wolf Badge; Kevin Burke, Den 1, assistant denners stripe; Pat Tyler, Den 4, denners stripe; Robert Dittman, assistant denners stripe. Graduating into Scouts from Webelos were William Brown.

The following youngsters and their parents were welcomed into the unit by Acting Cubmaster Lawrence T. Lydick: Kenneth Agee, Paul Alonso, John Barkley, John Berdahl, Daniel Blood, Greg Butler, Michael Emrich, Kent Engel, Douglas Fairbairn, Ricky Fessenden, Richard Fretz, Steven Horswell, Mark Knoblauch, Bob Treder and Steven Koyomatsu.

Also, Jack Leonard, Jeff Menne, Burtis Moon, Vassia Morozov, James Nickoloff, Steven Osbrink, Fred Richter, Marvin Schultz, Barry Stark, Rocky Summers II, Timothy Tyler, Kenneth Walker, Tim McGarvin and Forrest Watts.

Also introduced at the meeting were new Assistant Cubmasters Henry Johnson, John Goodall and Takeo Koyomatsu, Treasurer Mercer Duff, and Secretary George Roane. New Pack Committee members for the 1956-57 year include William Preston and James Dittmar.

Sierra Madre Parent-Teachers Association, sponsoring organization for Pack 381, was represented at the induction ceremony by Rex H. Smith.

GREATEST ADVANCE IN COOKING

Top Burner Temperature Control
on the new automatic **GAS** ranges

HERE'S HOW IT MAKES TOP BURNER COOKING EASIER!

- Top Burner Temperature Control works like your own heat control. You simply dial the right temperature for the particular food you are cooking.
- The burner takes over from here. The flame comes on full to bring your food quickly to the cooking temperature you want. Don't touch the dial...
- For the burner turns down its own flame automatically—and gradually—so that your food keeps cooking just the way you want until done.
- This means that you can make any pot or pan your own automatic with Top Burner Temperature Control. See a demonstration at your dealer's today.

With this feature you can make any pot or pan... automatic

Makes of Gas ranges featuring true Top Burner Temperature Control include: CALORIC, FLORENCE, GAFERS & SATTIER, HARDWICK, MAGIC CHEF, O'KEEFE & MERRITT, ROPER, WEDGEWOOD, WESTERN-HOLLY.

Do you want something really new? Then get a new automatic Gas range equipped with Top Burner Temperature Control. This great new feature makes top burner cooking as easy as baking and roasting. You dial the temperature for each food—and your food cooks at that temperature until done. No boil-overs, no scorching, no pot-watching! Visit your neighborhood Gas range dealer or Gas Company showrooms soon. See all that's new about the new Gas ranges... including the new rotary barbecues that give you smokeless barbecuing!

100 Youngsters Set to Help Out At Sanctuary

Some 100 high school youngsters of the Rio Hondo Sub-District are expected to gather Sunday at 2 o'clock on the grounds of the Sierra Madre Methodist Church.

Purpose will be to help landscape the grounds and setting for the new Sanctuary and to paint the exterior of two cottages now being used for Sunday School purposes.

Following the work session the group will eat a picnic supper, enjoy a period of recreation and conclude with a Worship Service in the new Sanctuary.

Mrs. Ethel Harris heads the punch committee, Bill Heller is in charge of the work groups, and the Rev. George Walters serves as district advisor to the group.

Cafeteria Supper, Bazaar Planned at Jewish Center

The Women's Division of the Foothill Jewish Community Center and the Moppetes, another woman's group of the Center, will hold a joint Cafeteria Supper and Bazaar Nov. 17 at 7 p.m. at the Center building.

The Women's Division will be in charge of the cafeteria supper under the direction of Mrs. Irving Cohen, Mrs. Charles Lapson, and Mrs. Robert Sencer. Present plans call for a turkey plate special, plus specialty dishes of the various members, including spaghetti, blintzes, cream puffs, chile, pies, cakes, chopped liver, and many other items.

A contest will be held to determine the best dish of the evening, with the customers determining the Queen of the Kitchen. Food may be purchased for take out service at nominal prices.

The Moppettes will be in charge of the Glamour Bazaar under the direction of Mrs. Rubin Friedman. All types of hand detailed giftware will be sold, including aprons, toilet articles, kitchen ware, desk items, and other hand-painted, hand-sewn, or jeweled merchandise.

The community is invited. For further information, call Mrs. Cohen at ELgin 5-6694, Mrs. Lapson at ELgin 5-6674, or Mrs. Sencer at Douglas 6-2391.

Reformation Sunday Will Be Observed At Bethany Church

Reformation Sunday will be marked at Bethany Church by a special message by the pastor, Dr. Robert Schaper, on the subject, "Where is Protestant Unity?"

Information and literature will be given out on the organization of which the church is a member, the National Association of Evangelicals. Free copies of its bi-monthly publication, "United Evangelical Action," will be distributed.

An innovation in the prayer life of Bethany Church was made this past Sunday. Under the direction of R. E. Carlson a prayer chain of Bethany members and friends has been formed. This is a means whereby scores of people can be quickly informed of specific prayer requests without waiting for a public meeting of the church. It has grown out of the men's prayer meeting conducted each Sunday evening before the service.

The Sunday morning service at 10:30 in the chapel at 835 Hastings Ranch Drive "will stress some of the blessings which emanated from the historic movement," Rev. Hesse said.

In accord with the theme, the motion picture classic "Martin Luther," produced for Lutheran Church Productions Inc. by Louis de Rochemont Associates, will be shown Tuesday at 6 and 8:15 in the church chapel. The public is invited.

SERMON TOPIC
"The Power of Your Decision" will be the subject of the Sunday sermon at 11 a.m. by Dr. Ethel Barnhart at Santa Anita Church of Religious Science, 778 S. Rosemead Blvd., Pasadena.

Mrs. Carrie Deutsch Succumbs at Home
Services were held Saturday in Ripple Mortuary Chapel for Mrs. Carrie Elizabeth Deutsch of 27 W. Laurel Ave., who died Oct. 17, 1956, in her home.

A widow of William Emile Deutsch, who died in 1952, Mrs. Deutsch came to Sierra Madre 11 years ago from Troy, N.Y. She was a native of Windsor, Conn.

A registered nurse, she was a member of Congregational Church and the Sierra Madre Friendship Club.

Survivors include a brother, Charles Stanton Plank of Meridian, Conn.; a nephew, Howard Stanton Plank of Manchester, Conn.; two stepdaughters, Mrs. Marjorie Bever of Monrovia and Mrs. Irma Shephardson of Rivera, Calif.; two granddaughters, Mrs. Marian Vogel of Arcadia and Miss Frances Bever of Monrovia, and two great-grandchildren.

Interment was in Live Oak Memorial Park, Monrovia.

Church News

New Methodist Sanctuary Opens for Sunday Services

"One of the most beautiful churches in the Southland" was the comment of one observer when the new Sanctuary of the Sierra Madre Methodist Church opened its doors for initial services last Sunday.

On Nov. 4 Bishop Gerald H. Kennedy will visit the church for the Consecration Service and will preach at the 11 o'clock hour. Bishop and Mrs. Kennedy will be honored at a special dinner following the service. Persons interested in attending the dinner can contact the church office, ELgin 5-0629. Tickets are \$2.25 each.

"Why I Am a Protestant" is the sermon topic selected by Dr. Chilton McPheeters in observance of Reformation Day this coming Sunday at 11 o'clock. A portion of the message will be devoted to what Dr. McPheeters feels to be the abiding elements of the Protestant heritage.

"The uncritical acceptance or rejection of childhood faith has become one of the widespread and critical cultural problems of our age," he said. "Christians especially need to be able to give a reason for their faith."

Bethany Pushes Sale of Notes
One month now remains before the expiration of the one year permit issued by the state corporation commissioner to Bethany Church for the sale of \$125,000 in Church Building Notes.

Up to this week the total sale of notes has reached \$102,200. This leaves \$22,800 of available notes in \$500, \$250, \$100, and \$50 denominations. Although this is not the total amount needed for the erection of the new structure, it is the amount of indebtedness that the congregation feels it proper to assume.

In commenting on this program Dr. Schaper said, "I am hoping that this display of confidence by our own church people in purchasing this impressive amount of notes will encourage more of our friends in Sierra Madre to invest in this worthwhile project."

"We have no fears whatsoever about the repayment of these notes, and our financial condition to this point indicates a firm basis for our confidence. Certainly the combination of the work to be accomplished by the invested funds and the handsome interest return of 5% will appeal to many of our high-minded citizens."

LESSON-SERMON
The question of the punishment or destruction of evil and the rewards inherent in genuine goodness will be discussed in the Lesson-Sermon on "Everlasting Punishment" to be given in First Church of Christ, Scientist. The Golden Text points to the main theme in Jeremiah's words: "Wherefore doth a living man complain, a man for the punishment of his sins? Let us search and try our ways, and turn again to the Lord."

F. N. Herring Dies in Hospital

Francis N. Herring of 91 Vista Circle Drive died Oct. 21 at St. Luke Hospital after a long illness.

A native of Bushnell, Ill., Mr. Herring had resided in Sierra Madre for seven years.

He is survived by his widow, Mrs. Olive Bell Herring, and three brothers, Oscar L. and Harvey G. Herring, both of Sierra Madre, and Dr. Will H. Herring of Peoria, Ill.

Services and interment will take place in Bushnell. Mr. Herring's widow and brother Oscar will go east for the funeral. Arrangements are in the hands of Rippel Mortuary.

FIRE FLAMES

By James Heasley

It's possible to tap the power of your battery if you blow your horn too long too many times. We of the fire department talk a great deal of the fire duty! Not intended as bragadocio, the constant reminders of the exercises may appear that we are appealing for sympathy or in search of recognition. Forbidding any hint of apology, for past suggestions or advice, we expect to continue to serve loyally to protect life and property.

Many residents know, and yet many do not know, that the fire department is still conducted as a volunteer organization. Excepting those who have been in the service for a great number of years, the department is made up of young able-bodied men.

They are chosen because of their availability to respond to call, day or night. Personal interest is a vital requirement and each candidate has six months' probation period to prove his desire to become a fireman and to display his ability. Long before the six months has expired, it is well known whether the candidate is suitable.

MUCH IS TO BE learned before an efficient fireman is developed. There are many matters in fire fighting that are not considered by the sidewalk fire fighters. It is very easy to tell the other fellow how to do his job, and it happens often.

The city officials encourage and cooperate with the department in great spirit. They realize that each member also is a good citizen of his home town, and that each member wants to do his best to keep the organization in fine and fit condition for the safety of the community.

IT IS NOT the intention to belittle residents when they are reminded that they have permitted a fire hazard to appear around the premises. It is human nature to get a little careless, and few, if any, are immune from such a natural mistake, so we ask that you look around and eliminate anything that you know could cause much heat when fire hits it. Don't be one of those who insist that you have lived a number of years without fire and expect to live a long time without.

BECAUSE THE FIRE Department and the Police Department continue to be somewhat of a combination arrangement, what harm could there be in combining the activities? And besides that, if there is any way possible to increase the readers of Fire Flames to prevent fires, it certainly would be an addition toward safety.

Many requests have come in to continue the old "Police Blotter." There has not been a wane in the log, but there has been a streak of laziness in the writer. Therefore, anything that may appear in this column is strictly confidential. Don't tell anyone what's going on.

Within the past few weeks, the police have had many out-of-the-ordinary calls. The regular calls complaining of barking dogs continue to take the cake. One would wonder what a policeman could do about it, and, to tell the truth, if a dog is left alone at home, and decides to show his loneliness by howling, what da heck is there to do?

There have been times when one of our "finest" has taken the dog with him in the car, just for company, and yet there are those who object to this. Even to the extent where the owner may sue for taking private property.

F. A. Kaufman Succumbs Here

Frederick Albert Kaufman of 1910 Oakhurst, a resident of Sierra Madre for 3 1/2 years, died Oct. 19.

Born in Brussels, Belgium, Mr. Kaufman attended school in Dresden and graduated from the University of Berlin. He came to the United States in 1907 and left almost immediately for Columbia as a chemical-metallurgical engineer in the gold mines there. Later he worked in the Mexican copper mines.

In 1919 Mr. Kaufman was commissioned to build a chemical plant in Los Angeles which furnished materials to fumigate orange and citrus groves here. He is survived by his widow, Mrs. Irma Kaufman; two daughters, Mrs. Hildegard Ambinder and Mrs. Emily Bridges, and two granddaughters, Susan Louise and Margaret Bridges.

Services were held Tuesday in Forest Lawn.

C. W. Collins, 65, Dies in Arcadia

Funeral services were held Tuesday for Charles W. Collins Sr., prominent building contractor and home loan official who died unexpectedly Oct. 19, 1956, while visiting friends in Arcadia. He was 65.

Mr. Collins, who resided at 306 Armada Rd., Arcadia, for the past three years, was a native of Chicago. He was a graduate of the Armour Institute, and a member of the Tau Beta Pi fraternity, the Masons, and of First Baptist Church of Pasadena.

Survivors include his widow, Mrs. Grace Stokes Collins; two sons, Charles W. Jr. of Sierra Madre and Braun D. of Alhambra; two step-sons, Henry Nuetzel of Sierra Madre and Frederick C. Stokes of Evanston, Ill., and 13 grandchildren. Interment was in Rose Hills.

NOTICE INVITING SEALED BIDS

Sealed proposals will be received at the office of the City Clerk, City Hall, 55 West Sierra Madre Blvd., City of Sierra Madre, California, until 10:00 A.M. on November 12, 1956, at which time they will be opened and read for performing work in the matter of the Assessment District No. 64 in the City of Sierra Madre and including portions of Cypress Court Tract; and these proposals will be presented and publicly read before the City Council at its regular meeting on Tuesday, November 13, 1956, in the Council Chambers of the City Hall, at the address above stated.

Pursuant to the provisions of "Improvement Act of 1911" and Resolution No. 1467 ordering the work of the City Council of the City of Sierra Madre, County of Los Angeles, State of California, directing this Notice, said City Council hereby invites sealed bids and proposals for doing the work and improvements described in Resolution of Intention No. 1442, adopted June 12th, 1956, and Resolution No. 1460, adopted September 25, 1956, of the City Council of the City of Sierra Madre, County of Los Angeles, State of California, and said Resolution of Intention No. 1442 and Resolution No. 1460, are hereby referred to for a description of said work and improvement, the grades to which it is to be done, a description of the District to be assessed to pay the costs and expenses thereof, the bonds to be issued, and for all further particulars contained in said Resolution of Intention No. 1442 and Resolution No. 1460. Reference is hereby made to the plans and specifications, special provisions, proposal, and detailed drawings for said work on file in the office of the City Clerk of said City, in accordance with which said work shall be done.

Notice is further given that the City Council of the City of Sierra Madre, County of Los Angeles, State of California, has heretofore established a prevailing rate and scale of wages in accordance with law, which rate and scale is as follows, to-wit:

CLASSIFICATION	WAGE SCALE PER HOUR
Carpenter	\$3.00
Cement Mason	2.925
Laborer	2.30
Flagman	2.38
Guinea Chaser	2.38
Driver of Dump Truck of less than 4 yds.	2.405
Driver of Dump Truck of 4 yds. but less than 8 yds.	2.435
Motor Patrol Operator	3.21
Skip Loader Operator	3.05
Asphalt Spreading Operator	3.05
Asphalt Raker and Ironer	2.51
Fine Grader	2.40
Watchman	2.10
Roller Operator	3.05
Tractor Operator	3.05
Universal Equipment Operator	3.30
Water Truck Driver under 2500 gall.	2.465
Water Truck Driver 2500 gall. or more	2.585

No bid will be received unless it is made on a proposal form furnished by the City Clerk. All bids are to be compared on the basis of the City Engineer's estimate of the quantities of work to be done. No bid will be accepted from a contractor who has not been licensed in accordance with the provisions of Chapter 9, Division 111 of Business and Professions Code and all local ordinances which govern business licenses in the City of Sierra Madre.

The Contractor shall, in the performance of the work and improvements conform to the Labor Code of the State of California and other laws of the State of California applicable thereto, with the exception only of such variations as may be required under the special statutes pursuant to which proceedings hereunder are taken and which have not been superseded by the provisions of the Labor Code. Preference to labor shall be given only in the manner provided by law. Veterans and resident local labor shall be given preference by the Contractor wherever possible, if skill and working ability permit without increasing the ultimate cost of the work and improvement to the City of Sierra Madre and its officers.

All proposals or bids shall be accompanied by a check payable to said City of Sierra Madre and certified by a responsible bank for an amount which shall not be less than ten (10) per cent of the aggregate of the proposal, or by a bond for said amount and so payable, signed by the bidder and two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions, or by a corporate surety bond in said amount satisfactory to the City Engineer.

Plans may be seen, and plans, forms of proposal, special provisions, and specifications may be obtained at the office of the City Clerk, 55 West Sierra Madre Blvd., Sierra Madre, California, for a deposit of \$10.00, which amount will be returned if said plans and specifications are returned within 10 days after the date of receipt of Bids.

The City of Sierra Madre reserves the right to reject any and all bids or to retain all bids for a period of 30 days for examination and comparison.

Fun to Make — Fun to Show — the easy Kodak way

8mm
CINE-KODAK
Showtime 8 PROJECTOR
See your 8mm movies up to 5 feet wide!
Biggest 8mm picture you've seen on a screen—because the Showtime's new shutter and fast pull-down put 60% more light on the screen than conventional projectors! Easy, too. Film snaps into position; single control for forward, "still," and reverse projection. Never needs oiling.

115.00
8mm
BROWNIE MOVIE CAMERA, Turret f/1.9
The movie scene you want—in a click of the turret
Get all the fun—close-up, far away, or action all around you. Just pick your shot in the finder... and click the turret. Lenses for wide-angle, telephoto, and normal movie making are built right in—there's nothing extra to buy! Exposure guide, fast f/1.9 lens performance, uses inexpensive 8mm film.

LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE
No. T.S. 5829

NOTICE IS HEREBY GIVEN that on Friday, the 9th day of November, 1956, at 11:00 o'clock a.m., at the Eastern entrance to the Hall of Justice, facing toward Spring Street, Los Angeles, California, SECURITY-FIRST NATIONAL BANK OF LOS ANGELES, as trustee under the Deed of Trust executed by ANTHONY O. DEER, ELLE, a single man, in favor of JOHN W. KENNEDY, a single man, subsequently assigned to JOHN W. KENNEDY, a single man, and MARY MAE BORDEK, a widow, joint tenants, recorded August 12, 1954, in Book 45298, Page 233 of Official Records of Los Angeles County, by reason of default in the payment or performance of obligations secured thereby, and notice of default and Beneficiary's election to cause to be sold the property herein below described having been recorded as provided for by law and more than three months having elapsed since such recordation, will sell at public auction to the highest bidder for cash (PAYABLE IN LAWFUL MONEY OF THE UNITED STATES OF AMERICA AT THE TIME OF SALE), without warranty express or implied as to title, possession or encumbrances, the interest conveyed to and now held by it as such trustee, in and to the following described property in the County of Los Angeles, State of California:

Parcel 1: The East 100 feet of the North 25 feet of Lot 4 of N. H. Hosmer Subdivision of Block X of the Hosmer Subdivision of the Sierra Madre Tract, in the City of Sierra Madre, as per map recorded in Book 12, Page 81 of Miscellaneous Records, in the office of the County Recorder of said County.

Parcel 2: An easement for driveway purposes to be used in common with others over the Easterly 100 feet of the Southerly 20 feet of the Northerly 45 feet of Lot 4 of N. H. Hosmer Subdivision of Block X of the Hosmer Subdivision of the Sierra Madre Tract, in the City of Sierra Madre, as per map recorded in Book 12, Page 81 of Miscellaneous Records, in the office of the County Recorder of said County; for the purpose of paying the obligations secured by said Deed of Trust including fees, charges and expenses of trustee and of sale.

SERVICE

A mother must have caused the word "service" to be in our vocabularies. Unselfishly, she works to guide her children in the paths of safety and soundness of mind and body. For minor health problems, she is the home doctor... yet, when she senses real trouble, she wisely puts her children in the care of the family doctor. He, too, serves unselfishly. And once he prescribes for an ailment, our own service is instantly ready to meet a family's need. We are dedicated to serve you with the same trust that a child places in his mother, the same trust that a mother places in her family doctor.

New Officers Are Installed by Toastmasters

The Sierra Madre Toastmasters Club installed new officers Oct. 17 at its semi-annual ladies' night meeting.

Elected were John DuBois, president; Robert J. Milo, administrative vice president; George Mannschreck, educational vice president; Wendell Booth, secretary; Edward Mayo, treasurer; and Edward Cutler, sergeant-at-arms.

The club met at the home of Wendell Booth, 3755 Denair, Hastings Ranch, for cocktails before adjourning to the Hillcrest Restaurant for the regular dinner meeting. Installation of new officers was conducted by past-president Walt Goodwin.

During the meeting prepared speeches were presented by William Pettit Jr., Larry Somerville and Earl Nichols. Mr. Pettit was awarded the Best Speaker's Trophy.

President-elect DuBois states the Sierra Madre

Toastmasters Club currently is open to new members and that interested parties may call any of the officers for information. The club meets second and fourth Wednesday at the Hillcrest Restaurant.

VILLA
VIEWSBy Toni Maurin
SYcamore 7-9634

The best approach in a column of this type is to avoid any mention of controversial subjects. It seems as if (and this sounds so "United Pressy") our San Francisco reader has taken exception to my reference to smog in that area. In the future, any slight "eye irritation" experienced in the northern part of the state by the weepy-eyed Southern Californians is not "smog" and you should see a doctor immediately!

MR. AND MRS. AIKMAN Armstrong of 3450 Fairpoint gave a Mexican dinner last Saturday evening for 10 of Mr. Armstrong's co-workers at Aero-Jet and their wives.

MR. AND MRS. SPELTZ Parker of 1701 Country Lane celebrated their ninth wedding anniversary last week with Mr. and Mrs. Henry Daly, who were celebrating their 14th. They had a small informal dinner party at the Parker home.

BIG NEWS in the Eldon Osburn family at 3290 Edgely Lane. Kitty was elected treasurer of her class at Pasadena High School after a very arduous campaign, which included making paper kettens and passing them out as a gentle reminder. Mrs. Osburn entertained their bridge group Saturday night.

MR. AND MRS. J. BAXTER Jovenat of 3307 Fairpoint spent a few days in Santa Barbara the first of this week. They plan to leave this Saturday to go back to Kankakee, Ill., to visit their daughter-in-law, Mrs. J. B. Jovenat Jr., and their new grandson, James Brian. Mrs. Jovenat Jr. and the baby are leaving the first week in November to go back to their home in Basra, Iraq.

THE P. L. WETCHER family of 1805 Kinneloa Mesa spent the last weekend at their mountain cabin at Wrightwood, which is about three miles from Big Pines. Mrs. Wetcher says that, regardless of the weather, they always pack a picnic lunch and hike up some of the trails in the vicinity.

SOME OF THE Kinneloa Mesa women went into the Hollywood Bowl last Friday evening to hear President Eisenhower. Among them were Mrs. William F. Nash and her daughter, Jan, Mrs. L. T. Greiner, Mrs. Dan Marsh and Mrs. Ward Clark.

MR. WILLIAM NASH of 3100 Mesa Loane returned last Saturday from a week's business trip to Delaware.

MR. AND MRS. BEN A. ROGERS of 1802 Pasadena Glen returned from an 11-day tour of the northern part of the state. They spent some time in Sacramento and in Bridgeport.

DR. AND MRS. CLETE Dorsey of 3390 Fairpoint Ave. had as their houseguest this week Dr. Jack Robinson of Rochester, Minn.

MR. AND MRS. RICHARD Pember of 1270 Wynn Road were among those attending the Young Republicans' dance held last Saturday night at the Timmons home in Sierra Madre. Mr. Pember is the chairman of the newly formed Foothill Young Republican Club. This was its first social event.

WELL, HAPPY SPOOK Day to you all, and, Martha, Hi! wherever you are.

Toronto Couple
Visits in Ranch

Mr. and Mrs. Paul Kaponya of 1060 Medford Road recently entertained the William Bradleys of Toronto, Canada.

After visiting here, the two couples spent a week in Palm Springs, where they attended the Merchants and Manufacturers' Conference. Mr. Bradley is manager of the Toronto works of Cannon Electric.

GETTING READY for the annual Don Benito School Carnival are, standing, from left, Merrill Johnson, committee chairman; Dorothy Cole, advance sale ticket chairman, and Ray Driemeyer, men's activities.

Seated, from left, are Edith Johnson, JoAnn Smith and Pat Edison. The latter two are parade co-chairmen. The carnival will be from 2 to 7 p.m. on Saturday.

Ranch Demos
Hear Debate
On Prop. 4

Members of the Hastings Ranch Democratic Club met last week at the George Lenney home, 1025 Medford, to hear a debate on Proposition 4, coming up for a vote Nov. 6.

W. D. Foote, counsel for Richfield Oil Co., took the pro side of the question, explaining that the proposition would eliminate "holdouts" in unitization of oil pools. As it now stands, owners must agree 100 per cent on operation of a pool, but under the proposition, operation would be agreed upon by owners of 75 per cent of the surface area involved.

Lester Olsen, Los Angeles attorney for several independent oil producers, said that 65 per cent of California's oil comes from 67 main pools, which would be controlled by the major companies if the proposition is approved, whereas the companies have only about half of the oil, according to geological content.

Both agreed the proposition is not concerned with economics, since companies are paid according to the amount of oil they control, but is only a matter of operation of the pool.

Mr. Olsen said some of the regulations of Proposition 4 are good, but some are not, and pointed out that voters must approve the entire proposition. He said he felt the law should be a legislative act because of its technical aspects.

NEW DIRECTOR

Mrs. Florence M. Torke of New York has been appointed executive director of the Visiting Nurse Association of Pasadena to fill the position left vacant by the retirement last month of Miss Helen Woodworth after 14 years' service.

Pasadena ORT Sets Dinner,
Dance at Huntington Hotel

The Huntington-Sheraton Hotel will be the scene of the dinner dance marking the 10th anniversary of Pasadena's Regina Trilling Chapter of ORT (Organization for Rehabilitation Through Training) next Saturday evening.

The cocktail hour will start at 6:30 p.m. and dinner will be served at 8 p.m. A strolling vocalist-accompanist will entertain during dinner and the guests will dance to the music of Danny Stewer and his orchestra.

Mrs. Seymour Lampert, chapter president, has announced proceeds from the event will be used to purchase needed equipment for teaching in the vocational schools ORT maintains for underprivileged and uprooted young people all over the world.

Mrs. David Lifton, dinner chairman, and her co-chair-

Hastings
Teen-TimesBy Pat Smith
ELgin 5-1903

Wilson's B's massacred Marshall's B's at Wilson last Friday. At the same time Wilson's A's were defeated by Marshall's A's.

Third period Friday we had a pep rally. Danny Armstrong, student body president last year, was there to give a speech. We practiced our yells and fight song. A short skit was put on by Lynn Eichelberger and Terry Crestman.

At the game we really showed our school spirit. We cheered throughout the whole game, especially when we were behind. Everybody was very sorry that the 7th Graders were not able to attend the rally and game. Bleachers needed to accommodate them have not yet arrived.

THE FOOTBALL FROLIC, our first dance, was a big success. The turnout was very good and the Blue Notes did a wonderful job.

LINDA DITTBARNER had a slumber party Saturday night. Those who came but did not slumber were: Prissy Watson, Patus Dickson, Grace Vogel, Gretchen Schulz, Butch Eichelberger, Linda Jordan, Nancy Grant, Sandy Tierny, Linda Shulman, Sue Hubley, Pat Henger, Sheila Donnell, Helen Goldy, Marsha Raymond, Linda Smallman, Dorinda Brown and I.

JAN LOOMIS, Mary Loo Lloyd and Carol Macintosh spent last Saturday in Palm Springs. They visited some of their friends there. The Chi Chi was the dinner spot. They had a blast.

MONDAY during our gym periods pictures were taken. These were individual pictures and will go in the annual.

Vote League
Sets Rally
Oct. 29

The League of Women Voters of Pasadena will hold a candidates' meeting of the 20th Congressional District Oct. 29 at 7:45 p.m. at the Pasadena City Library, 285 E. Walnut.

Eugene Radding, Democratic candidate, and H. Allen Smith, Republican candidate, will reply to questions on international and domestic policies submitted by the League of Women Voters. A question and answer period will follow.

The second half of the meeting will be a presentation of the pros and cons of the Nov. 6 ballot measures. The public is invited to attend the non-partisan meeting which is offered as a community service by the League of Women Voters.

Mrs. Grant Dahlstrom is chairman in charge of arrangements. Mrs. Chalmers L. McGaughy will be moderator.

Young Pianist
To Be Soloist at
Sunday Concert

Adrian Ruiz, 17-year-old Los Angeles pianist, will be soloist in the familiar Tchaikowsky Concerto No. 1 in B Flat Minor when the Pasadena Symphony Orchestra opens its 29th session this Sunday at 8:15 in Pasadena Civic Auditorium. Admission is free.

Richard Lert will conduct the Tchaikowsky work and also the Symphony No. 1 (Spring) in B Flat Major by Robert Schumann.

Ruiz made his orchestra debut in Pasadena at the age of 14. Since then he has been a student at Curtis Institute and has been soloist with the Philadelphia Orchestra.

Guest conductor for Samuel Barber's Essay for Orchestra No. 1 will be Lauris Jones, Lert's assistant for nine years and now musical director for the Long Beach Philharmonic Orchestra.

Ed Berrys Tour
New England on
Month's Jaunt

Mr. and Mrs. Ed Berry, 3700 Landfair, recently returned from a month's automobile trip across the United States.

They visited a number of cities and spent some time antique collecting through New England.

SHRINERS MEET

The annual monthly get-together of the Santa Anita Shrine Club will be held this evening from 6:30 to 8 at Woody and Eddie's Banquet Room, 3035 Huntington Dr., Pasadena.

Sierra-Hastings
Camp Fire Log

O-D-A-KO-NAH fifth grade Campfire Girls, under leadership of Mrs. Harry Henze, have a special request to make of Sierra Madreans this Halloween.

Instead of candy and popcorn handouts from a "trick or treat" round of neighbors' homes, these girls will wear their Campfire service costumes and ask for books and toys to go to children in hospitals.

Girls of the group are Karen Cannon, Julie Carlson, Lana Fukasawa, Trudy Johnson, Dixie Leonard, Pam Lunt, Dulcie Mansfield, Barbara Simon, Sheryl Simmons and Pat Flaney.

Sierra Madre, of course, has far more homes than these girls can cover. If you wish to make certain they come calling on you Halloween night, you may call Mrs. Henze at EL 5-7432 and the girls will be happy to come.

Hillside Bluebirds and Fairy Bluebirds, second and third grade groups from Don Benito, enjoyed a joint ice skating session at Pasadena Winter Garden. Leaders of the Hillside group are Mrs. Charles Trent and Mrs. Stan Crugman. Leaders of the Fairy Bluebirds are Mrs. Charles Cowan and Mrs. George Vane.

TAMI-KA-DA fifth grade Campfire Girls from Eugene Field earned beads and had a wonderful time doing so when they visited the Huntington-Sheraton Hotel to learn how the big hostelry operates.

Girls of the group are Jamie Johnson, Jeannie Jennings, Diane Hitchcock, Barbara Shanks, Ann Lubisch, Kathy Orswell, Susan Hurting, Karen Buttane and Irene Estrada. Mrs. Norman Shanks is their leader.

Upper Hastings Plans 1956
Yule Decoration Contest

The Northeast Pasadena Property Owners Association is once again going to sponsor an outside holiday decoration contest. All Upper Ranch residents are encouraged to make preparations to participate in this annual event which has proven most successful in past years.

C. Don Hays, president of the Association, and his executive board, George A. Schlueter, Russell D. Kraus, Brooks G. La Boteaux, Donald H. Munro and Paul C. Johnson, are formulating plans for the contest.

As in the past years, there will be prizes, which are generously donated by the local merchants, for each home in the winning zone, a first, second and third prize in three categories, fantasy, religious and most beautiful.

Participants are reminded that the amount of money

Petition Campaign Seeks
To Block Sears StoreBenito PTA
Sets Fun Fair
Saturday

Final plans have been made for the annual Halloween Carnival sponsored by the Don Benito School PTA, scheduled for next Saturday afternoon from 3 to 7 p.m.

The day's festivities will begin with a parade of the "Hobgoblins." All the boys and girls will wear their favorite costumes which will set the tempo for things to come.

The Carnival committee has tried very hard to make this year's event bigger and better than any in the past. More booths and games have been planned.

All residents are urged to be in attendance at this "fun fair." Movies will be shown in the school auditorium in addition to the many booths with prizes, surprises and consolation prizes.

The food committee is making preparations for a spaghetti dinner which will be served from 5 to 7 p.m. Tickets for adults will be 65c and for children, 40c. To facilitate matters, take advantage of the advance ticket sale.

Make plans now to be in attendance at this yearly fun-packed event which has been arranged to entertain every member of the family.

Welcoming Tea
For Newcomers
Planned by PTA

"Assignment Children," a Danny Kaye film, will be shown in the school auditorium Oct. 25 at 2:45 p.m. when the Marshall PTA honors the newcomers at the traditional Fall Welcoming Tea.

Dr. William Nathan Wilson will introduce the administrative staff. The Junior Glee Club, under the direction of Miss Houfazan, will furnish special music, according to Mrs. Claude Brown, first vice president and program chairman. Mrs. Robert Floyd, president, will conduct a short business meeting.

Tea will be served in the library following the meeting. Tea hostesses will be Mmes. Warren Stevenson, Forest Kline, Richard Tolbert, John Stonecipher and Paul Harmon.

"Pumpkins Prom" was the theme chosen by the upper grades for their first senior dance held Oct. 19 from 8-11 p.m. in the girls' gym, according to Mrs. William Rubendall, recreation chairman. Sponsors were Messrs. and Mmes. William McDuffie and D. Leon Rogers.

ENCAMPMENT SET

The eighth annual encampment of the Death Valley 49ers will be held Nov. 9-12 at Furnace Creek and Stovepipe Wells.

Numbers to Call
For Ranch News

Those having news of the Hastings Ranch are asked to call Lucie Lubisch at ELgin 5-1921, for the Lower Ranch, and Marge Thomas at SYcamore 3-2743, for the Upper Ranch.

Mystery Fire
Is Part of
Party Plan

Victory Park will be the scene of the second annual Halloween Bonfire program sponsored by the Pasadena Department of Recreation on Oct. 31 from 7 to 8:30 p.m.

The program has been designed for elementary children and their families.

Goblins and ghosts will escort children into the haunted house starting at 7 and at 7:30 the spectacular mystery fire will be ignited by a fiery flaming witch riding in from the sky on a broomstick.

There will be a parade of goblins at 7:45 around the fire and at 8 children will be invited to participate in the annual costume parade with many ribbons to be given by the judges. Ribbons will be given to the most original costumes, the most elaborate, funniest and the spookiest.

This annual event is co-sponsored by the Pasadena Park Department, Fire Department, Police Department and Street and Engineering Department.

Field Kids
To Parade

Eugene Field boys and girls will put on their Halloween costumes after lunch Wednesday and stage their annual parade, winding through the neighborhood immediately adjoining the school and enlivening the afternoon considerably.

Cub Leaders
Plan Pow-Wow
Oct. 27 in Aud

Six hundred Cub Scout leaders and Den Mothers throughout San Gabriel Valley will gather Oct. 27 at the Pasadena Civic Auditorium for the third annual Cub Scout leaders Pow Wow, representing the 195 Cub Scout Packs throughout the valley area.

The Pow Wow, an adult educational program of the San Gabriel Valley Council, Boy Scouts of America, will kick off the fall series of adult training sessions which will affect more than 6,800 adults and 18,000 boys of the Scout Council.

The Pow Wow program will begin at 12:30 p.m. Oct. 27 with registration being supervised by Carlton Eckerman of Arcadia.

Participation in the training course is open to all Cub Scout leaders of the council with reservations limited to 600.

A Cub Scout Blue and Gold dinner will be served at 6 p.m.

Fiesta Is Theme
Of Padua Play

"Festivals" a three-act presentation of fiestas and festivals taken from Veracruz, Chihuahua and Oaxaca, is currently being presented by the "Mexican Players" of Padua Hills Theater.

Between scenes, Blas Romero Telles entertains on the unique and melodious salterio. Telles is a recent addition to the players and comes with a background of tours and performances around the globe.

2,500 Signatures Needed
In Drive by Area Residents

By Lucie Lubisch

Scores of Hastings Ranch homeowners this week began gathering signatures on a petition aimed at blocking construction of a Sears, Roebuck & Co. development at Michillinda Ave. and Foothill Blvd.

The petition seeks an initiative ordinance which would change from commercial to Zone R-3 a 250-foot strip of land directly behind Mayfair Road residences between Hastings Ranch Drive and existing residential property along Michillinda Ave.

The ordinance specifically would amend a section of the city ordinance known as "The Zoning Plan and Code of the City of Pasadena," which was adopted some two years ago after long study.

The initiative is one answer to the City Board of Directors from Hastings Ranch owners who contend they are Pasadena's "forgotten citizens," since the directors gave Sears permission to build its new store and service station partially in the residential zone along Michillinda at Foothill Blvd.

SOME 2,500 SIGNATURES of Pasadena voters, or 10 per cent of the number casting ballots in the last election (in June), are required before an initiative can be placed on the next ballot, which may be sometime in the spring.

According to attorneys, this is the second initiative in Pasadena's history. The other was obtained to seek pay raises for the city's police and firemen. It was approved by the voters.

In granting the petition of Sears, the directors did not actually change the zone, which would require approval in a city election, but granted a "use variance," which leaves the official zoning map of Pasadena showing the land zoned for residential use.

Hastings residents charge the directors "grossly abused" their discretionary powers in granting the variance. **LAST SUMMER** Mayfair residents, who told the directors a buffer R-3 zone is desirable between the rear of their property and commercial land along Foothill, requested the board to enact an ordinance changing a 250-foot strip to R-3 as a buffer. The request was shelved.

At the same time, directors denied pleas of the residents and granted Sears the right to build as they had requested, with a few conditions imposed. In so doing, they overrode the more stringent conditions laid down by the Planning Commission.

THE CITY Planning Commission also had ruled there would be no traffic ingress and egress there. Residents circulating the petition for the initiative must adhere to strict legal requirements in obtaining signatures, with each voter carrying only one petition contained on a single sheet of paper. Each signer, personally, must write in ink his full address, date of signing and his voting signature. All petitions must be notarized.

Further information can be obtained from Mrs. Nan White, 3745 Mayfair Drive, at ELgin 5-1937.

Sports in Haste . . .

The Pay's the Thing; All
The World's a Stage . . .

By Charles Ayres

Back in those dark days we have all but forgotten, "red herring" became a popular term meaning "hogwash." Since then, with the advent of better things, the term has fallen into disuse.

In view of late developments on the sport scene, this term has made a sudden and breathtaking comeback. Why? Because it is alleged that a special investigating committee in the Big Ten has uncovered recruiting practices among their members that aren't according to Hoyle. It is claimed that (1) athletes have been shopping around various campuses for the best offer, and (2) some boys have been paid for work they didn't perform. The result is that the present monthly take home pay is way in excess of \$200 compared to pre-war \$40.

I can't understand. Having been reared in the Midwest, and since becoming a California native, hanged on every word written or spoken by those who must know, it's an established fact that (1) boys in the Midwest are stronger, (2) they are much better football players, (3) they

have much better coaches, (4) they work hard all summer to earn money to return to school, (5) they are just naturally combative, and (6) they have a tremendous school spirit. Besides this they all come from the coal mines and steel mills.

The Rose Bowl has become a great crusade and the boys at great sacrifice give up their happy holidays where they could earn spending money and relax without physical or mental exertion to come west to play football for the glory of alma mater. There is only one condition. They must win or face excommunication.

By contrast the Pacific Coast Conference encompasses (1) a group of despicable weaklings, (2) lousy coaches, (3) soft play-

(Continued on Page 3)

On the Trails

By Bill Wark

The Sierra Madre, San Gabriel and San Andreas faults all pass through our mountains. By far the most well-known is the San Andreas, having one of the longest surface traces in the world and extending for hundreds of miles northwest and southeast of our range.

This is the famous fault that was responsible for the great San Francisco disaster of 1906, and also a contributing factor in one of the worst disasters our mountains have ever known.

William Mulholland, Irish immigrant who rose to be the most famous water chief in Los Angeles, knew the vital need of an additional reservoir to supplement the diminishing waters of the two San Fernando lakes during the drought years of the 20s.

HE CHOSE A SITE for the construction of a new dam in San Francisco Canyon, one which would catch and hold the water that ran past the power houses, down the Santa Clara riverbed, and was lost in the sea. Perhaps it was the emergency of the water situation that caused his fatal error.

The dam was completed by May 1926 and christened St. Francis Dam. It held twice the amount of water contained in the San Fernando basins and did much to relieve the water crisis of that time.

However, cracks throughout the mountains in that area due to the San Andreas fault created an unusual amount of water leakage soon after the dam was filled. In January 1928 two cracks appeared on the face of the dam, beginning at top center and slanting downward to the sides, which indicated that both sides had moved slightly upward. Water leaked from the seams and they were soon calked up—it is not uncommon for dams to leak a little.

EARLY IN MARCH of that same year, Mulholland received a report that the waste water coming from the dam had turned muddy, a dangerous sign indicating that the abutment ground was being undermined.

Mulholland and Van Norman inspected the dam and (to their relief) came to the conclusion that the muddy water was caused by road construction work nearby, and that the dam was safe.

Near midnight of March 12 the east abutment gave way. Seconds later both wings of the dam collapsed and 34,000 acre feet of water went roaring down the canyon, crushing everything in its path.

Families sleeping in their homes in the canyon below the dam were engulfed by the 100-foot wall of water. It raced to within a mile of Saugus before the pull of gravity deflected it into the Santa Clara River bed. Castaic Junction was swallowed. Twelve miles downstream a construction crew for the Edison Company was caught sleeping in their tents.

ON THROUGH the Santa Clara Valley the truant waters thundered, spreading death and destruction. Scores of farm families were caught sleeping with no chance for escape. Power lines were wrenched down, cars and houses tossed ahead of the unleashed fury of the water like toys, highways and bridges swept away and rich orchards destroyed.

The towns of Piru and Fillmore felt the rage of the flood and at 3:30 in the morning it descended on Santa Paula—a 25-foot wave that overturned houses and carried them downstream in its teeth.

ONWARD IT ROLLED, finally carrying its burden to the sea, a few miles south of Ventura. The death toll was fixed at 385 persons, although an accurate total was never really known, and 1,250 homes and 7,000 acres of farmlands were destroyed.

William Mulholland, who had received the city's highest honors during his life, accepted full responsibility for the disaster and it broke his spirit.

He never recovered from the shock of having played a major part in one of the worst disasters in American history. A tragic end to the career of a man who had devoted his life to bringing life-giving water to the city he loved.

Pity the Poor Footballer

(Continued From Page 1)

boys whose fathers all own oil wells or insurance companies, and (4) are completely devoid of school spirit. Besides they spend all their time running around with Hollywood cuties in their convertibles and drinking milkshakes.

Some Coast Conference tattletales discovered a few ringers recently, though, and dealt with them swiftly and justly, decreeing all sophomores and juniors guilty and sentenced to one year's study without benefit of physical education. Students classified as seniors, because they were caught without the opportunity to find employment elsewhere, got off light with half-year sentences.

No such action was taken in the Big Ten, however. There will be no penalties

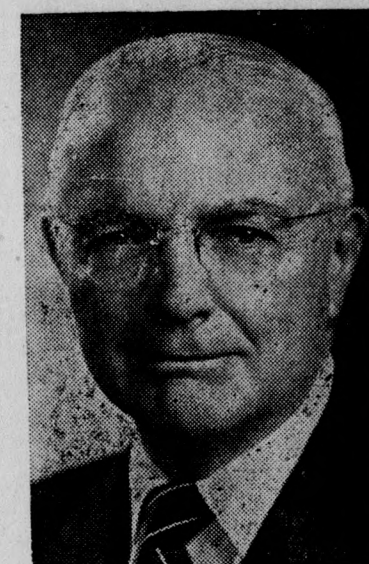

for these alleged past transgressions. The only penalty assessed there in modern times was to Ohio State when old Woody Hayes was caught passing out chits to his players so they could get a cup of coffee. Some back there claim the rest of the schools were sore because Woody had all the coal mine and steel mill union clerks on his payroll.

In any event all this is bound to have a tremendous effect by 1960 that is apt to see (1) Notre Dame again go undefeated, (2) the coal mines and steel mills with a surplus labor problem, (3) Oklahoma joining the National Professional Football League, (4) a academic achievement reach an all-time high, and (5) Cal Tech petition for admittance to the PCC.

Never before in history has anything

built by man traveled so far in so short a time

—by land or sea!

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run . . . Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah . . . it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

We wanted them to prove to you—in action—the stamina and performance we had built into them. No words of ours could speak with equal conviction.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world . . . a distance equal to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no cars have ever undergone, let alone successfully concluded.

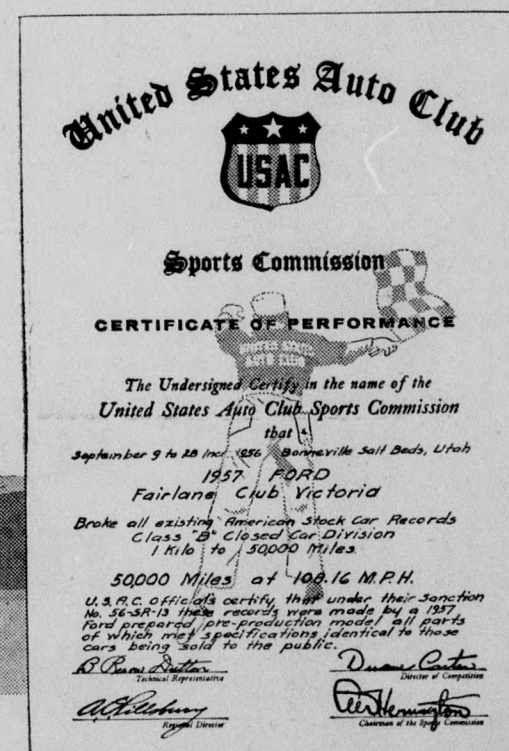

We feel that by their deeds, you shall know the '57 Ford cars. Surely they have told you, in decisive terms, that they are worth more when you buy . . . and when you sell!

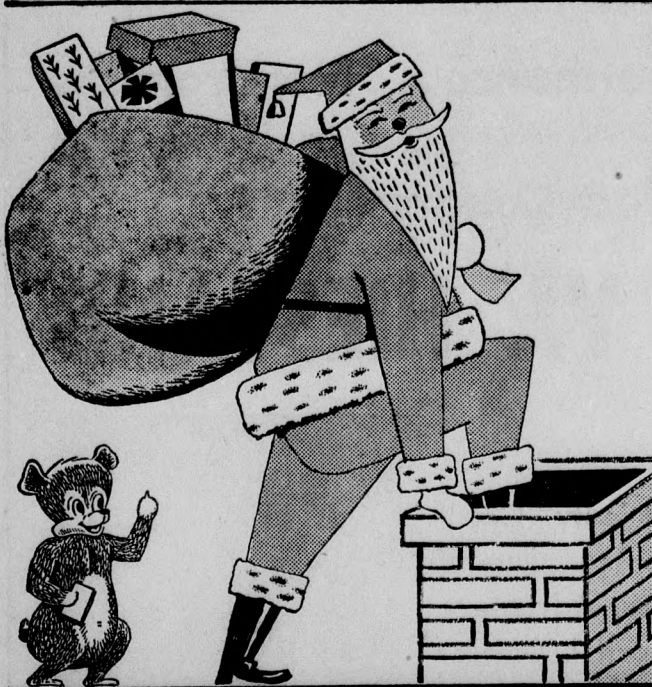

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

Dan Taylors Home From Fall Trip to East

Bringing home a box of varihued Fall leaves to illustrate how colorful was their trip, Mr. and Mrs. Dan Taylor have returned from a flying jaunt to Detroit and New York state.

The Taylors managed to include a trip to Niagara Falls and a brief trek into Canada in their busy schedule.

A man sometimes shows good judgment by showing a lack of it in others of his acquaintance.

Angeles Forest Champion

The largest known "Champion Tree" growing in Southern California is the famous Canyon Live Oak of Bouquet Canyon in the Angeles National Forest.

This giant has a girth of over 36 feet, is 70 feet tall and has a limb spread of 130 feet. The American Forestry Association lists it as No. 10 of the largest girthed trees of each species native to the United States. The Canyon Live Oak (*Quercus chrysolepis*) bears broad acorns with thick yellowish cups, whereas its close relative the California Live Oak (*Q. agrifolia*) produces pointed, deep-cupped acorns.

The largest known California Live Oak was found in Napa County with a girth of almost 25 feet, placing it No. 31 on the A.F.A. list.

FRIDAY—Oven grilled fish, choice of banana squash or string bean succotash, peach crunch, slice of bread and butter, milk.

Register Now For Holiday Job At Post Office

Postmaster Raymond Holmquist of the Pasadena Post Office announced today that all extra help for holiday employment will be recruited only through the California Department of Employment, 745 E. Green St., Pasadena.

Under civil service rules all veterans capable of handling the work will receive first chance.

Men and women 18 and older residing within 15 miles of Pasadena, who are interested in either day or night work during the holiday period for \$1.65 per hour, should register as soon as possible at the employment office for the following jobs: clerks (male and female), carriers, and deliverymen with own 2 or 4 door sedans, station wagons or panel trucks with California license for use on contract.

A lazy man can never expect to enjoy the shade of his own tree.

Mu Phi Epsilon Alums Celebrate 1st Anniversary

Pasadena area alumnae chapter of Mu Phi Epsilon, national professional music sorority, celebrated its first anniversary Sunday, when a picnic for families and friends was held at 5 p.m. at Casitas del Arroyo, 177 S. Arroyo Blvd., Pasadena.

The sorority's Charter Day was Oct. 17 and marked a year since the new chapter was installed.

Patricia Arnold, social chairman; Helen Butt, picnic chairman, and her co-hostesses, Rachel Lynn, Lillian Dellosa, Louise Paulson, Alberta Jaiken and Bernice Gerrish, planned the supper and program. A puppet show was given by Allen Cook and community singing was led by Patti and Mickey Ingalls.

The sorority's music therapy choral group will give its first fall program at the Los Angeles County Hospital, psychiatric ward, on Oct. 28. They are rehearsing once a week under the direction of Lillian Dellosa.

NEW CLASS OPENS

Since the class in Mineralogy which opened Tuesday evening at Monrovia-Duarte Evening High School was filled to capacity, another class will meet each Thursday evening at 7:30 in Room 4 of the Arts Building. Anyone interested can call ELliott 8-2551.

don't run out of gas!

California isn't producing enough oil to supply its own autos, its farms, its industries—or its share of the Nation's defense needs.

We are running out of gas! Why?

Because today selfish operators with no regard for the public welfare are blocking modern conservation methods that the entire oil industry knows will double California's oil recovery.

A selfish minority is sabotaging YOUR gas supply... keeping the State of California from harvesting billions of dollars in State oil revenues that could pay — tax free as far as you're concerned — for our new water program and many other needed public services.

"THE LARGEST STAKE IS YOURS AND MINE" — STATE CONTROLLER

"In Long Beach alone the State stands to benefit by hundreds of millions of dollars in added income under PROPOSITION 4.

"Without untization... these new riches will be lost. You and I—as citizen land-owners—hold the largest stake by far in the proper oil development of our State."

ROBERT C. KIRKWOOD,
State Controller, chief elective
fiscal officer for California

PROPOSITION 4 GIVES CALIFORNIA...

- A 12 billion dollar increase in economic wealth.
- New jobs and 2 billion dollars in new paychecks.
- A new supply of 4 billion barrels of oil—for our cars, our planes, our industrial machines.
- A secure source of oil for our National defense.

For more oil...more gas...more tax benefits...more jobs...more security

vote YES on 4

CITIZENS CONSERVATION COMMITTEE FOR PROPOSITION 4 Flood Building, S. F. 3107 Wilshire, L. A.
Co-Chairmen: DAN A. KIMBALL, Former Secretary of the Navy; MAJ. GEN. R. E. MITTELSTAEDT, CNG (Ret.)

STORE HOURS 9 A. M. TO 9 P. M. — Oct. 24, 25, 26 and 27
